In The Claims

5. The following changes to the claims have been approved by the examiner and agreed upon by applicant:  
(a) Replace claim 1 limitation "setting a second revised pixel value for one or more of said pixels on the basis of one or more first revised pixel values that are associated with one or more pixels in the vicinity of the pixel being set, wherein setting the second revised pixel value includes a momentum-based heuristic", with, - - setting a second revised pixel value for one or more of said pixels on the basis of one or more first revised pixel values that are associated with one or more sequential pixels in the vicinity of the pixel being set, wherein setting the second revised pixel value includes a momentum-based heuristic - -.

(b) Replace claim 20 limitation "a gap processing subsystem, including a gap processing heuristic, a subset of vicinity pixels in said plurality of pixels, and a plurality of pixel values, said gap processing subsystem selectively setting said pixel values in accordance with said gap processing heuristic and said pixel values belonging to said pixels in said subset of vicinity pixels, said gap processing heuristic including momentum-based heuristic", with, - - a gap processing subsystem, including a gap processing heuristic, a subset of sequential vicinity pixels in said plurality of pixels, and a plurality of pixel values, said gap processing subsystem selectively setting said pixel values in accordance with said gap processing heuristic and said pixel values belonging to said pixels in said subset of sequential vicinity pixels, said gap processing heuristic including momentum-based heuristic - -..
